

Managing Science for a Better World

Friday 26 September 09:00 - 11:30

Binhai International Convention&Exhibition Center, Room Lugano

Preparatory discussion: 08:30 - 09:00

It takes world-class management to create world-class science. But the elements of good management in science may be different than the elements of good management in business.

Join some of the world's most eminent scientists and science administrators to explore the fundamental elements of success in national science policies.

Consecutive interpretation in Mandarin Chinese at one table.

The session will include:

Discussion Leaders

- **Howard Alper**, Chair and President, Science, Technology and Innovation Council, Canada
- **Michael Clegg**, Donald Bren Professor of Biological Sciences, University of California, Irvine, USA
- **Padmasree Warrior**, Chief Technology Officer, Cisco, USA

Facilitated by

- **Adam Bly**, Founder, Chief Executive Officer and Editor-in-Chief, Seed Media Group, USA
